

The image features a dark green, textured background. On the left side, there is a vertical strip of intricate white line art. This art includes a large, stylized flower at the top, followed by swirling, vine-like patterns. At the bottom, there is a dense, horizontal band of more complex line art, possibly representing a landscape or a cluster of plants. The overall style is reminiscent of mid-20th-century graphic design.

Niskayuna High School

Mrs. B. Russell,  
What can I say  
honestly. I have passed  
a year through here  
with both extremely  
thick and thin. I  
have undergone changes  
rising and dipping  
during various periods  
The Thick was depleted  
to almost nothing when  
my self confidence was  
increased to a great  
point to be shattered  
later. The Thin you  
know well enough.  
Indeed this year I  
have broken a chain to  
be bound again. Perhaps  
this is my own doing  
but at this moment  
I leave a remnant of  
honest thought. No  
cute phrases or actions  
just straight forward talk.

*This I feel  
is more character  
of myself. Peter*

*Perhaps I am  
not very  
successful  
and perhaps  
I have failed*

*miserably  
but at least*

*least I play no part  
I do not act a role  
but as you yourself  
know, I may be  
a chronic English failure  
But I ~~at~~ at least cover*

stay as myself. And consider it futile to change. You have tried with good intentions to change me. But that change was short lived and ended with the published Les Persees. You have known me as forthright perhaps even rash. But I am myself and what is how I hope you remember me.

Your student,  
R. Mark Maslyn

Dear Mrs Russell,  
I must admit I was a real experience having you for my English teacher this year. I don't think I've ever had as much fun as I did in this class. Whether it was deciding what to do or determining whether that comes under or not. I know I'm not a dandy or a mad but I do know I'm not with you English. I'm not they don't know I'm not they will be. Good luck always!  
Joan Thompson '68

Mrs Russell - I thank you for an enlightening year, though which I have learned much.

Mrs Russell,  
I would like to thank you for your help in pulling me through English this year and apologise for any irritations I gave you in the course of studies.  
Kater Watts

Mrs. Russell -  
I must admit, at times I don't think I would make it through English 101 but for helping me learn and spending time with me. I did this year. I've really enjoyed being in your English class. Good luck always,  
Donna

Mrs. Russell -  
I'll never be able to forget this English class. It was a real experience.  
Joan Thompson

## • Foreword •

Our past four years at Niskayuna may be summarized in a single word—growth. In September, 1962, our exuberant class entered the school, fired with energy, effort and enthusiasm. Remember that first day at the crossroads when we looked wishfully at the "mighty" seniors, and thought the building was so large that we would never find our way around? Now we find that everyone is smaller than we are, and we often feel that the ends of the school are but a few quick steps from any location.

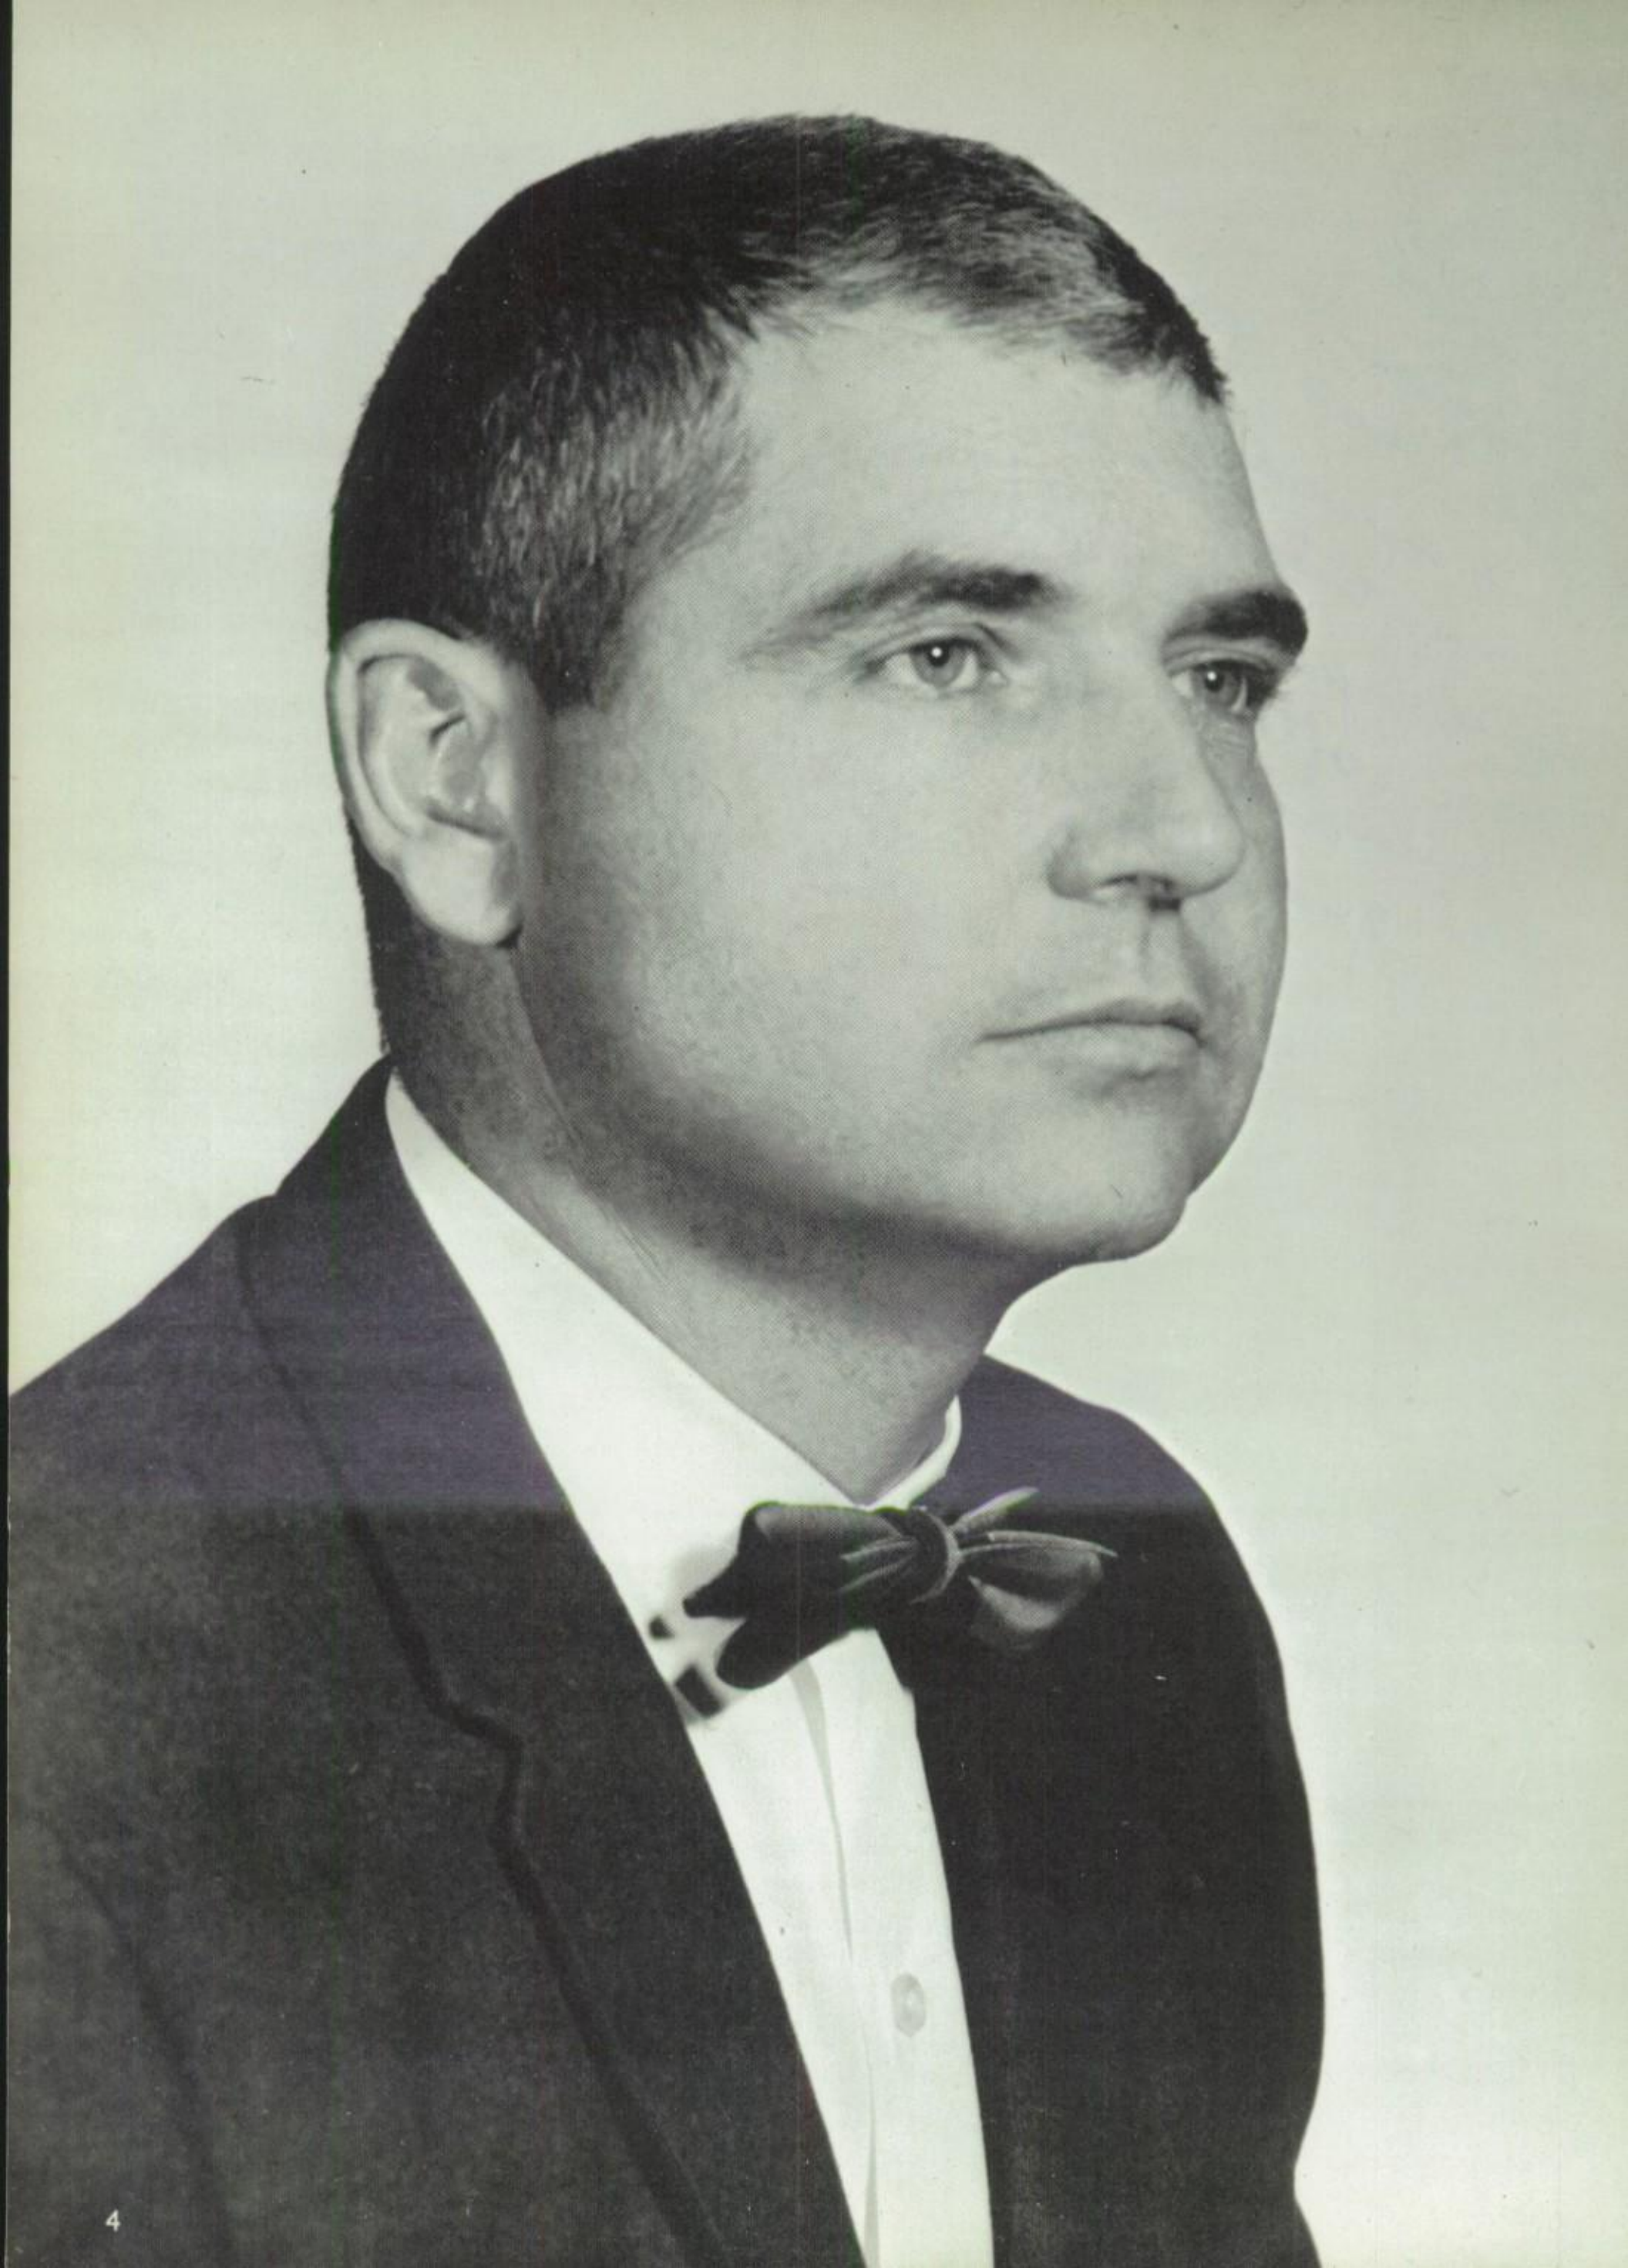

In these four years the student body and faculty have increased greatly, just as each student in that freshman class has grown in mind and body. As a class, we produced outstanding athletes, scored high on national education tests, performed well in the arts, and served our community willingly. We have matured in our years at NHS and have proven our worth as a class. We now stand at a new crossroad, only this time the people whom we look at will perhaps not be as eager to help us, nor are the halls which we look down so sheltered. Yet we still have the same energy, effort and enthusiasm. We hope that each individual will be as successful in future years as they have been collectively as a class.

Crossroads '66 would like to recapture these years of growth in each individual, and to provide a reminder of the many happy days at NHS. For these reasons, we, the staff, give you Crossroads '66.

Mrs. Russell,  
This was the  
most wonderful  
English class this  
year. I hope you  
have a wonderful  
summer, and I hope  
to see you on the golf  
course after. Have fun  
and I hope to see you next  
year. Good luck on your golf  
Cindy

To Mrs. Russell,  
To be truthful I was  
very fortunate to have  
such a wonderful  
English teacher. I hope  
I have you for all my years here at NHS.  
Remember you mean a lot to me. Thank you  
just as much for all my years here at NHS.  
for helping me this year. Your Student ("Maggi")  
P.S. Ever since you gave me  
the name Maggi everyone is  
calling me Maggi. I'm giving to  
like the name Maggi. Thanks!

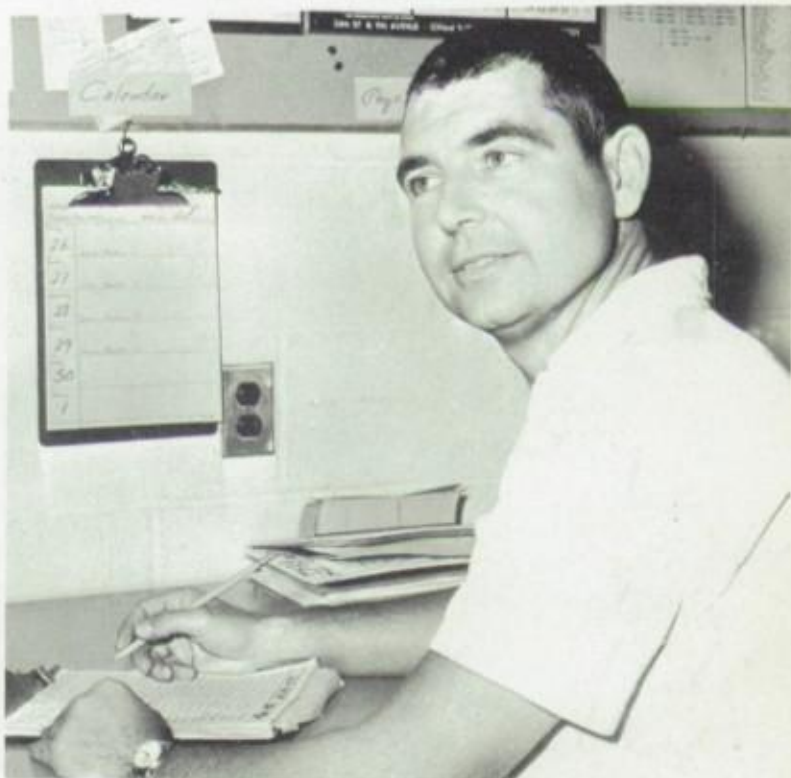

# Dedication: Crossroads '66

... How do you say "thanks" to a really great guy? A coach who keeps the team on an even keel when they are on the win—and doesn't pass the blame when things aren't quite so good.

How do you say "thanks" to someone who sets an example and lives by that example himself ... someone who is for the team all the way ... someone who makes you be proud of being part of it all—no matter how large or how small that part may be.

Thanks, Mr. Boothe—thanks for this year and all the good years to come. You have contributed leadership to Niskayuna in another kind of growth—growth in sportsmanship—and therefore, it is in appreciation that we dedicate this yearbook to you.

# A Photographic Essay

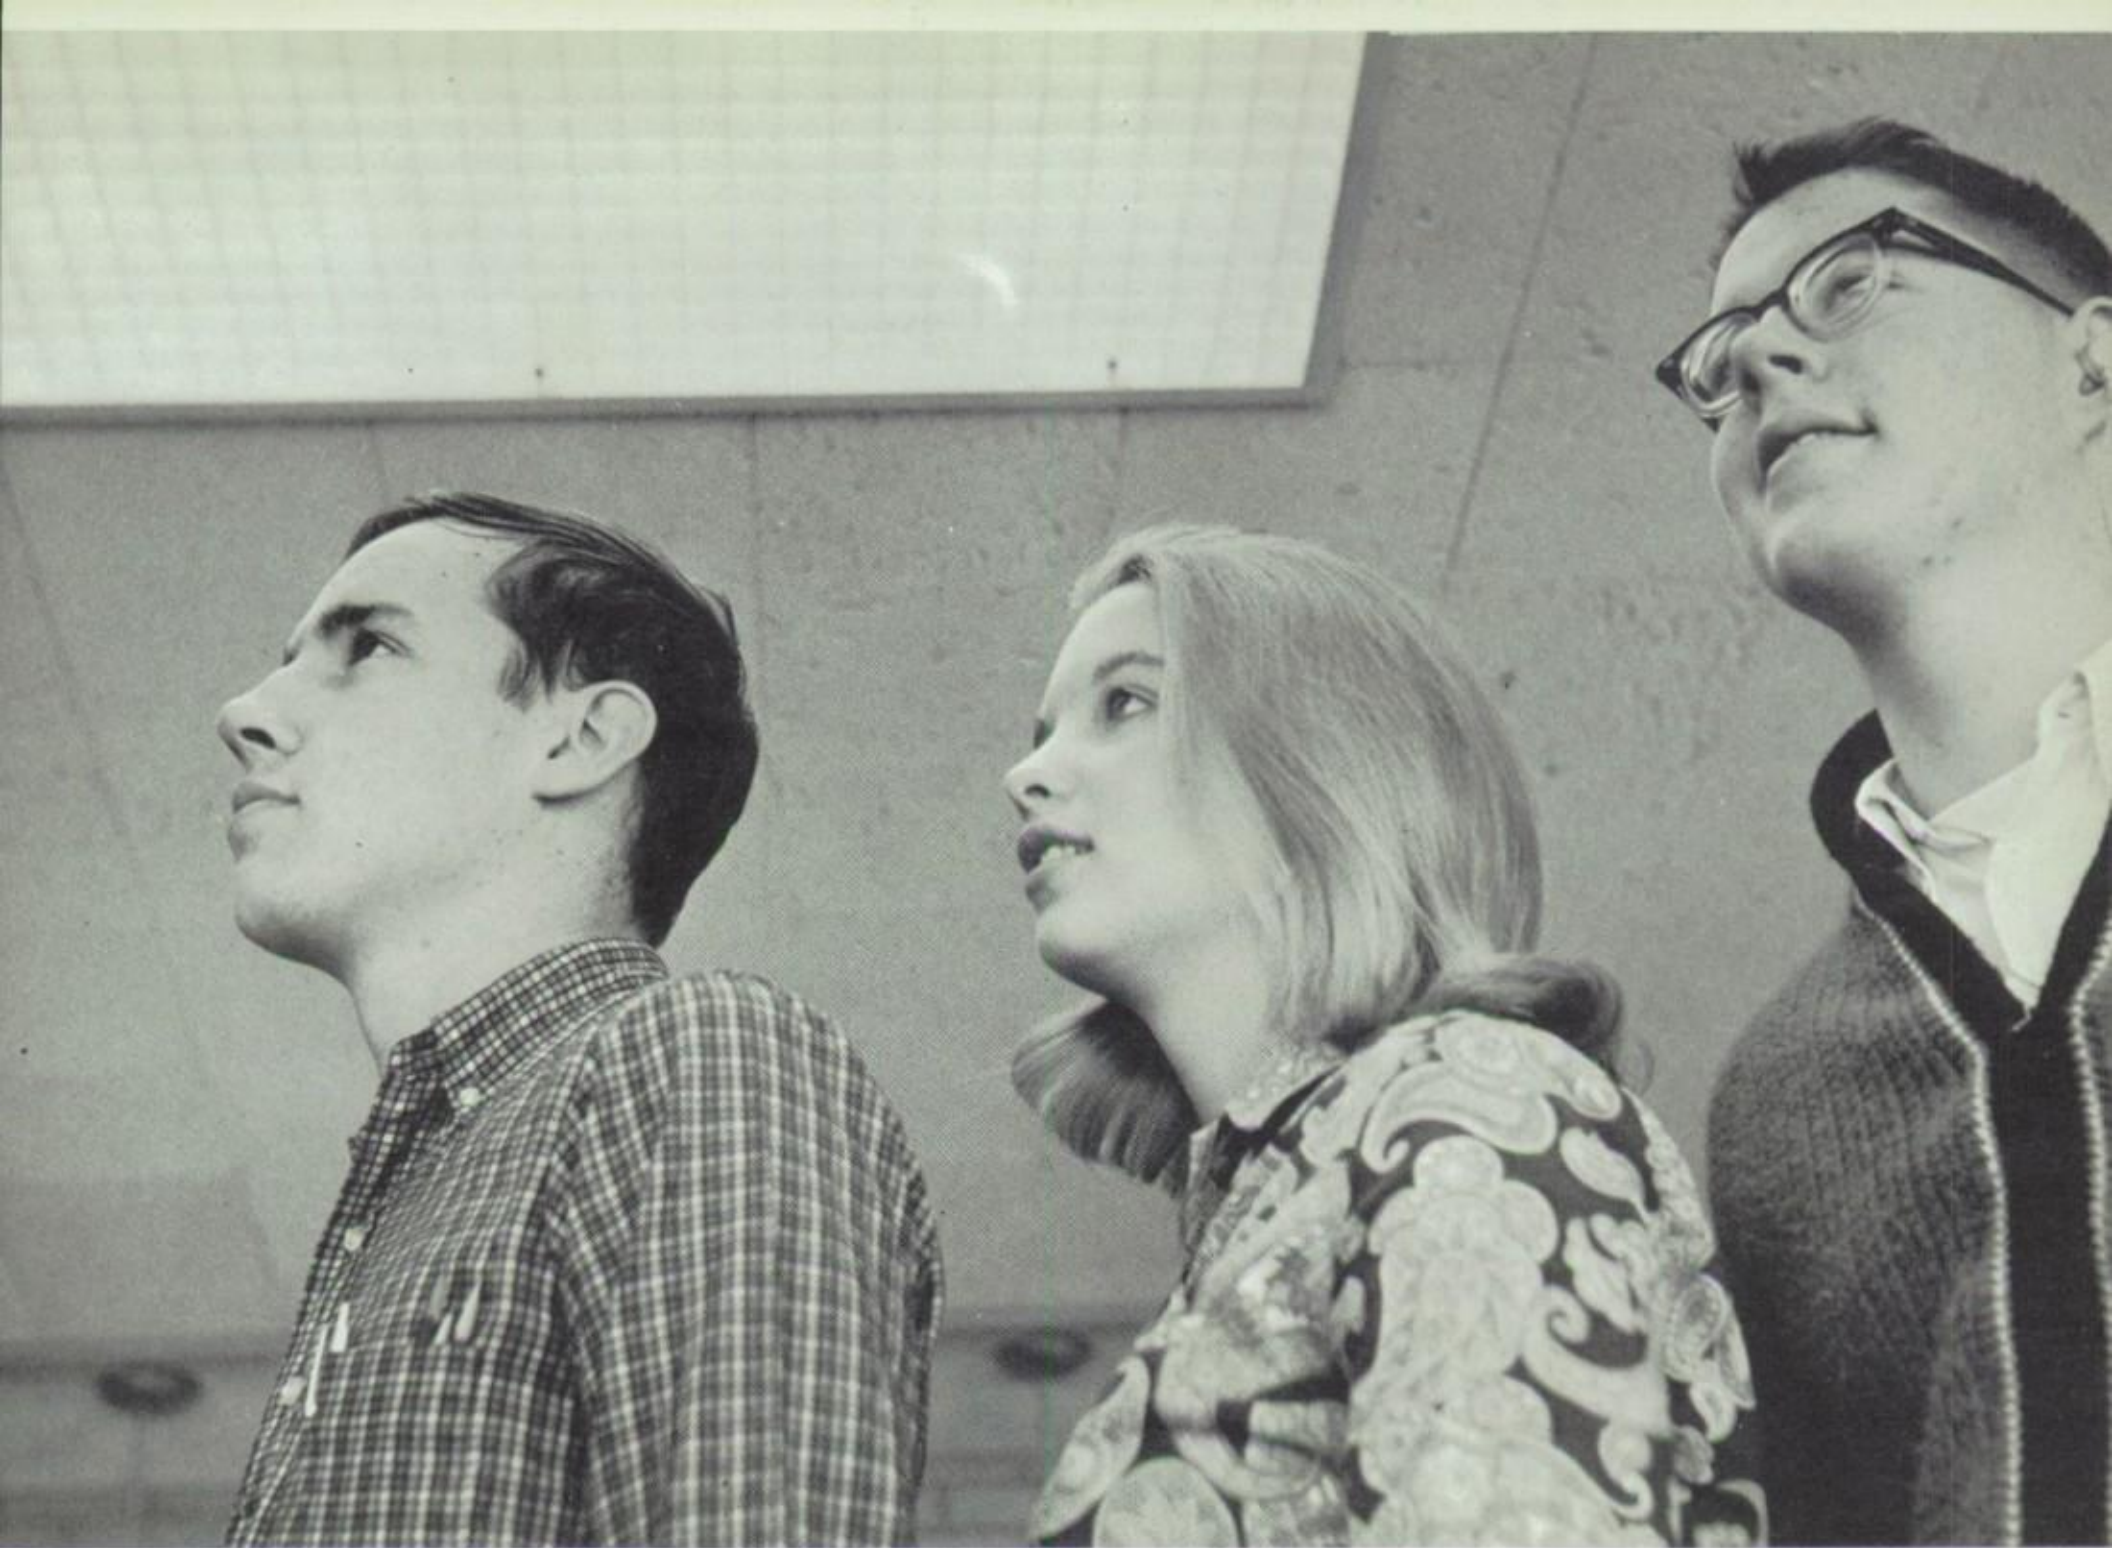

We came as  
freshmen . . .

We go as  
seniors ...

*Miss R.  
I'll never forget  
out great 10 grade English  
class and the surprise party  
at Rei's. Good luck  
in the future.  
Bob*

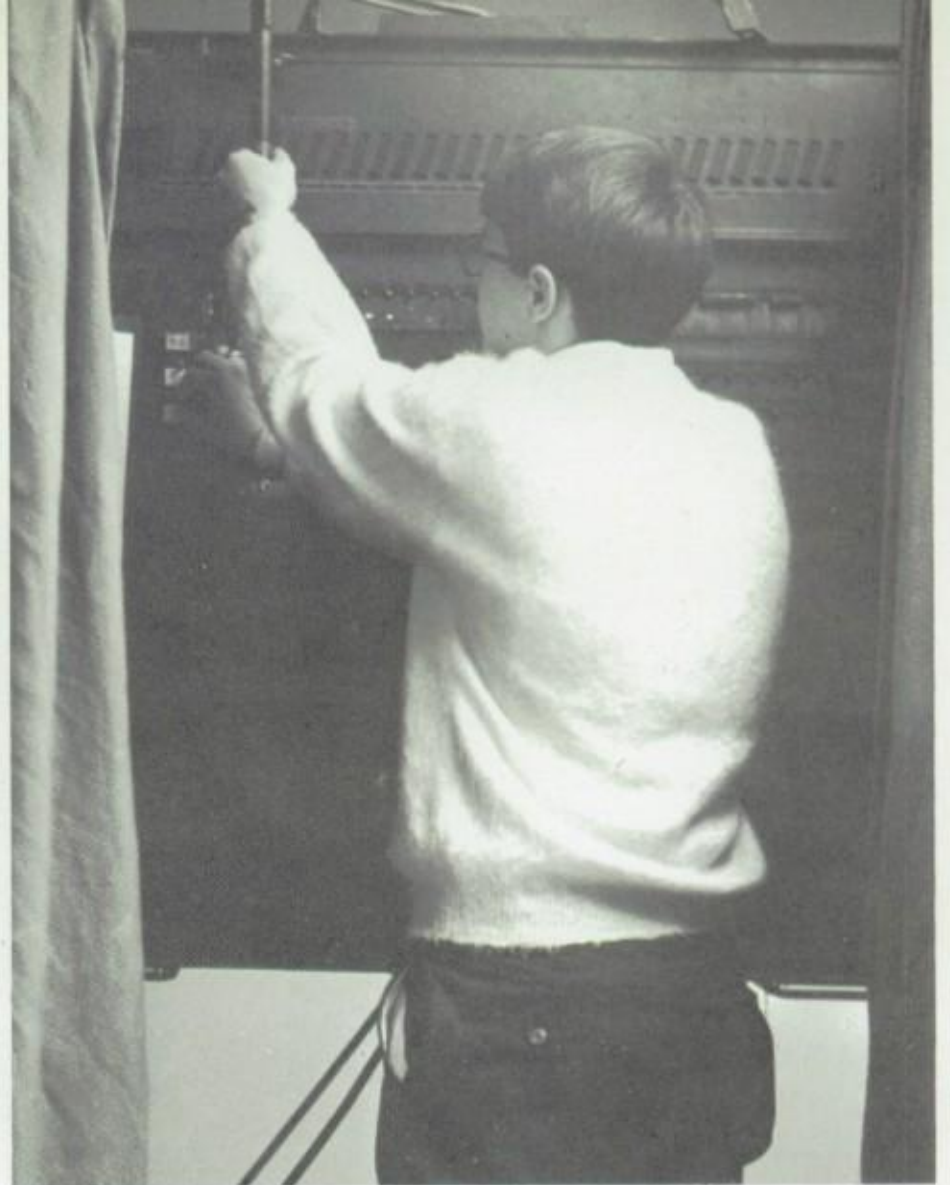

... and through the years we  
have studied and grown ...  
(some more than others)

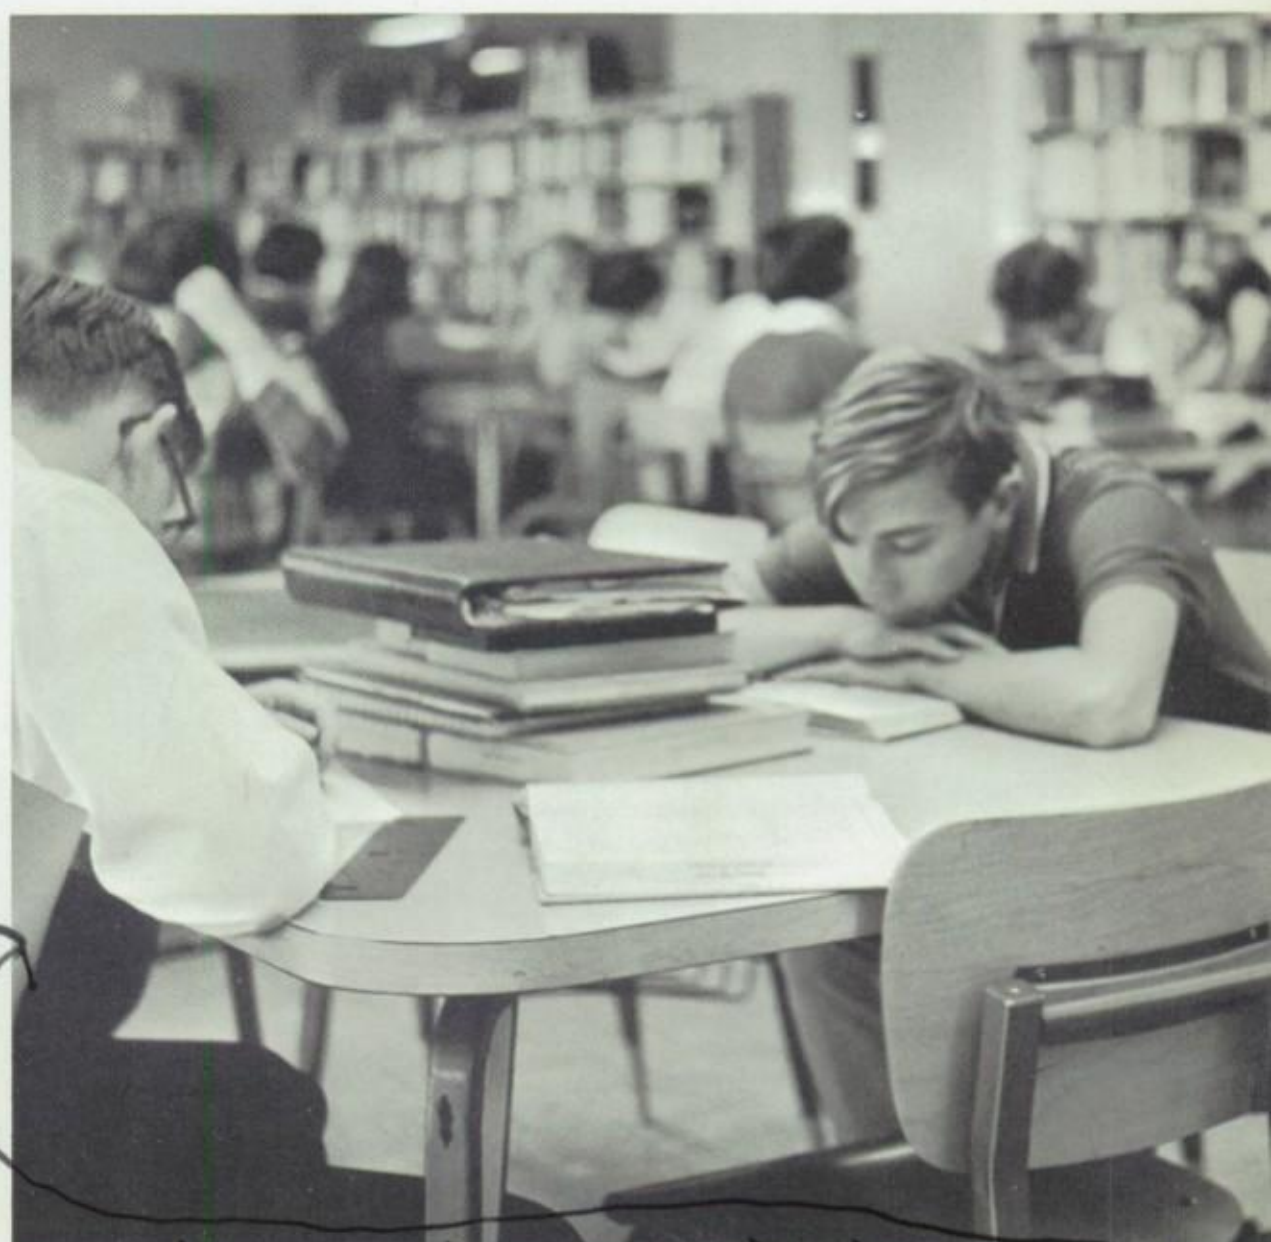

We grew in ...

living and working together

democratic techniques

knowledge of other peoples

*This is a very rich experience. I have enjoyed this class very much. It was one of the best English classes I can remember. I had a lot of fun and I hope to see you next year. John [unclear]*

study skills

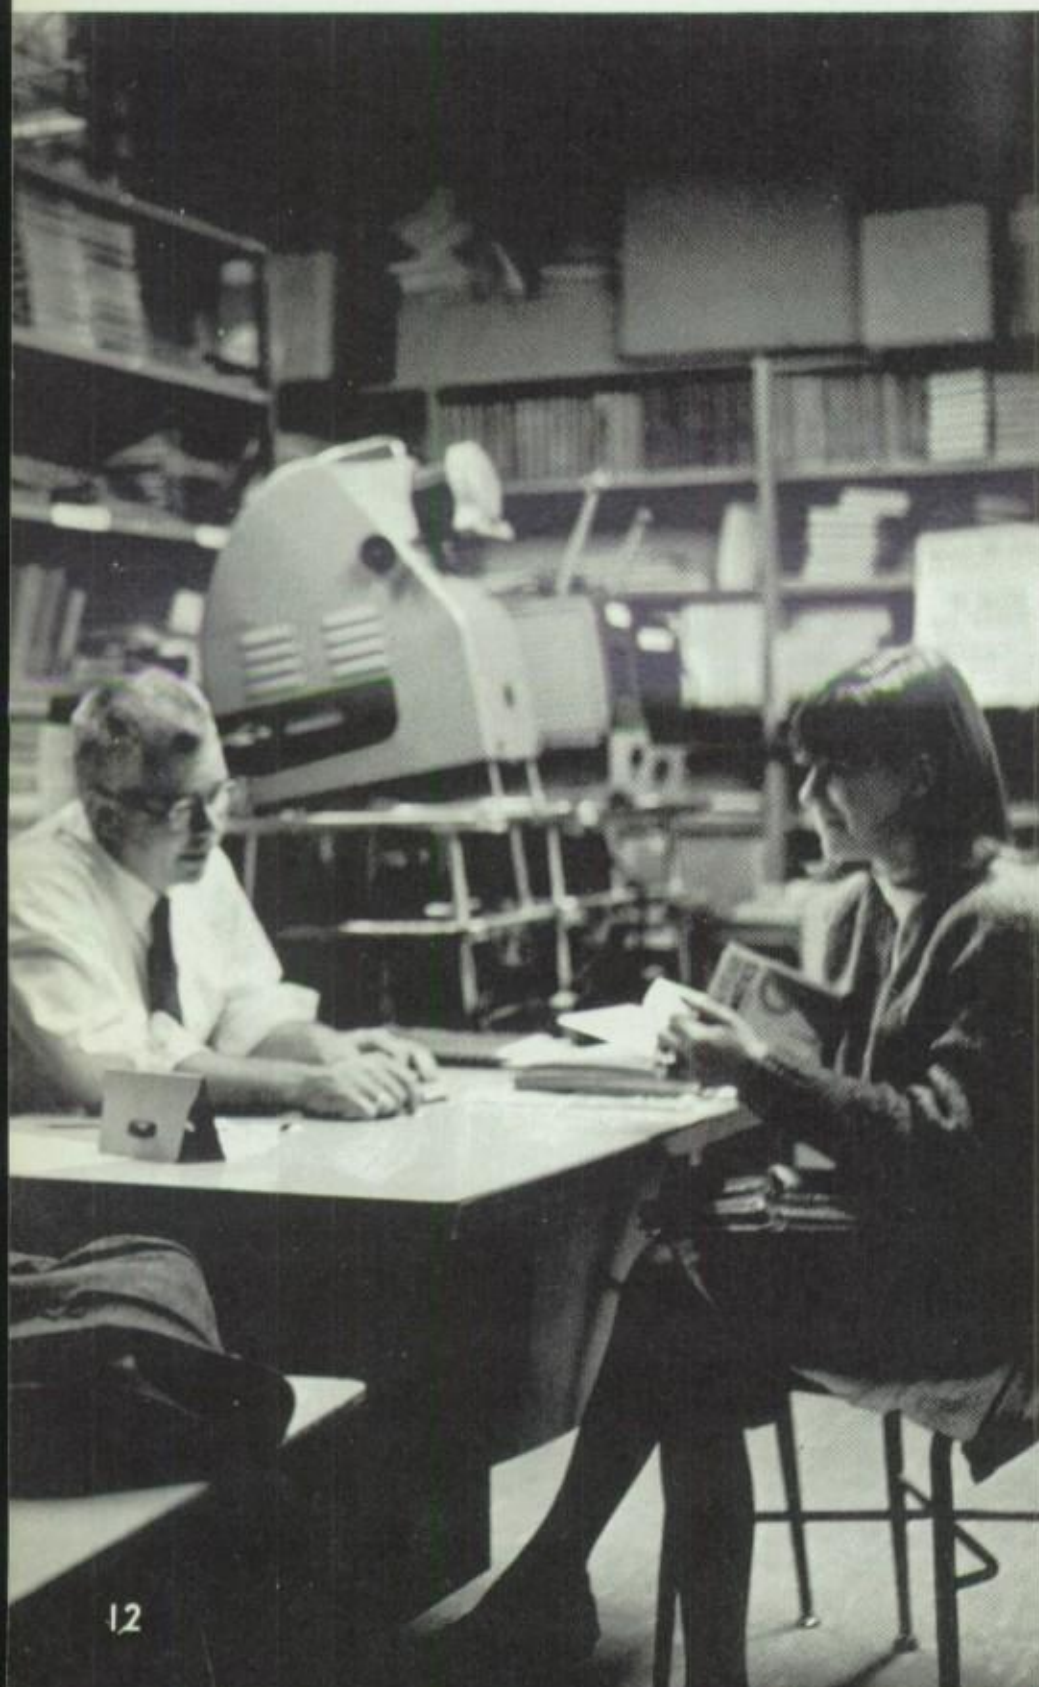

Faculty and students  
worked together . . .

in the halls . .

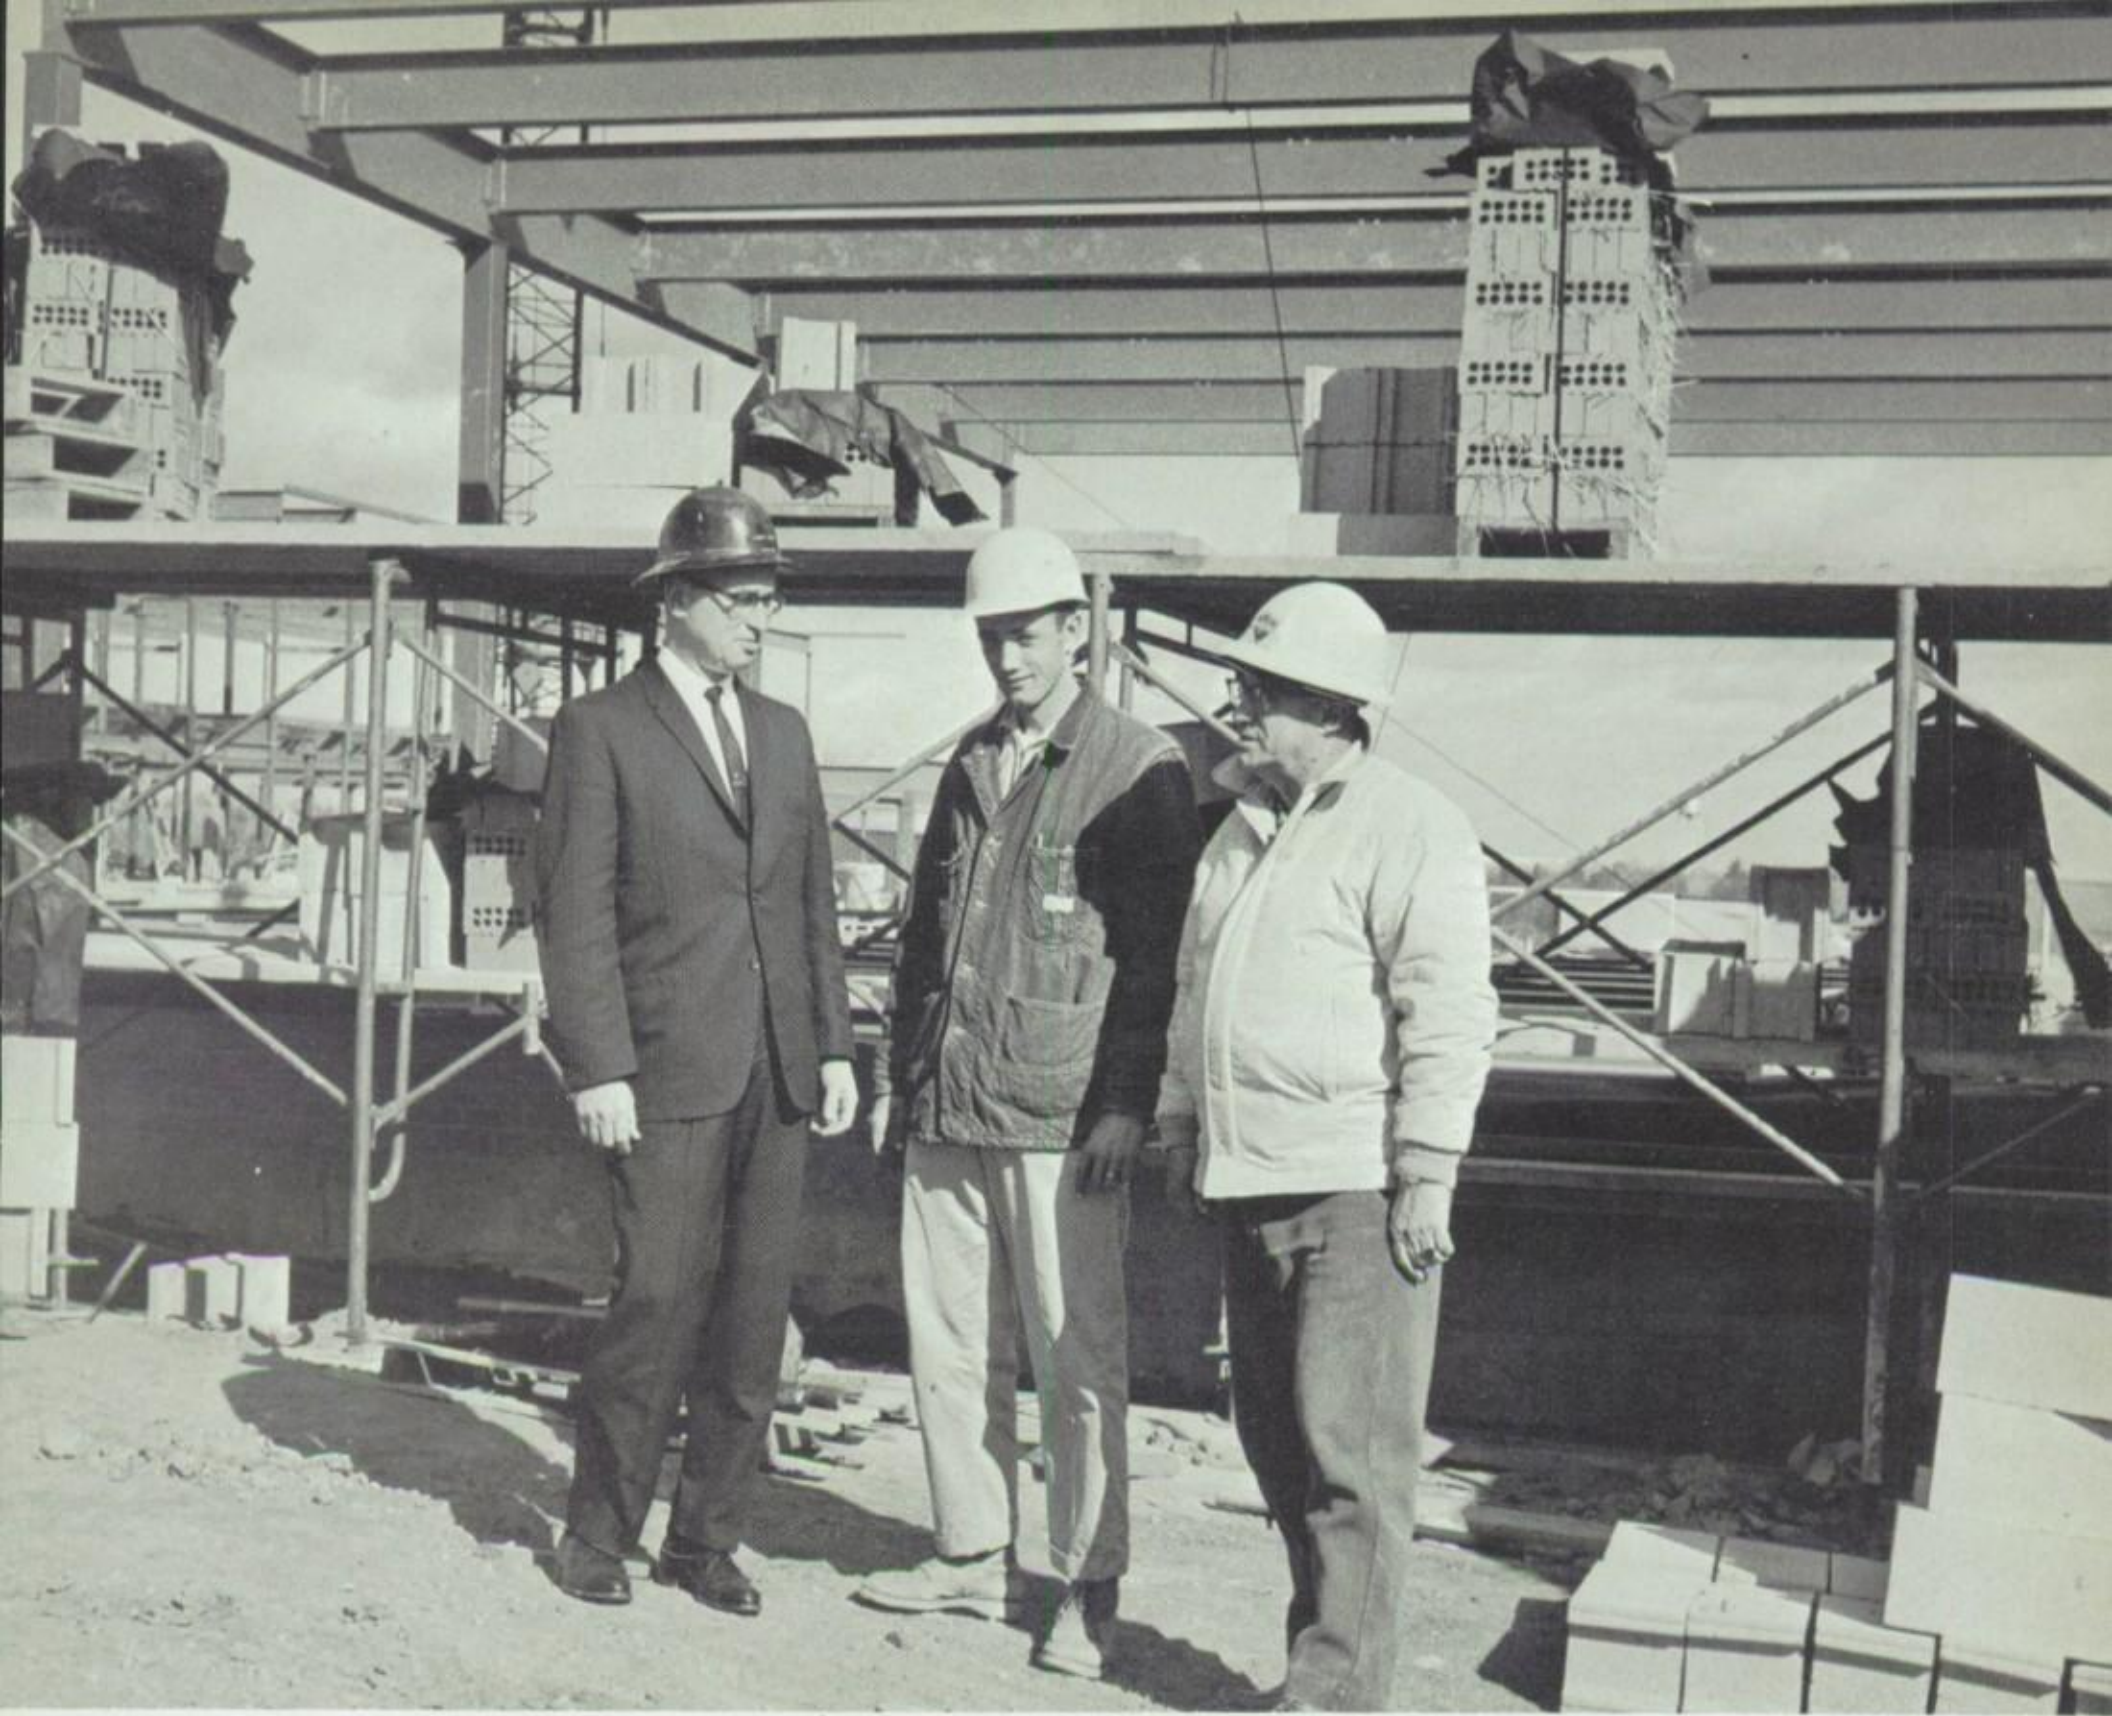

in storerooms . . .

each lending his own talents

We grew in numbers . . .  
So our building started to grow too

... a network, a web of steel and brick

... that we moved into in February of 1966

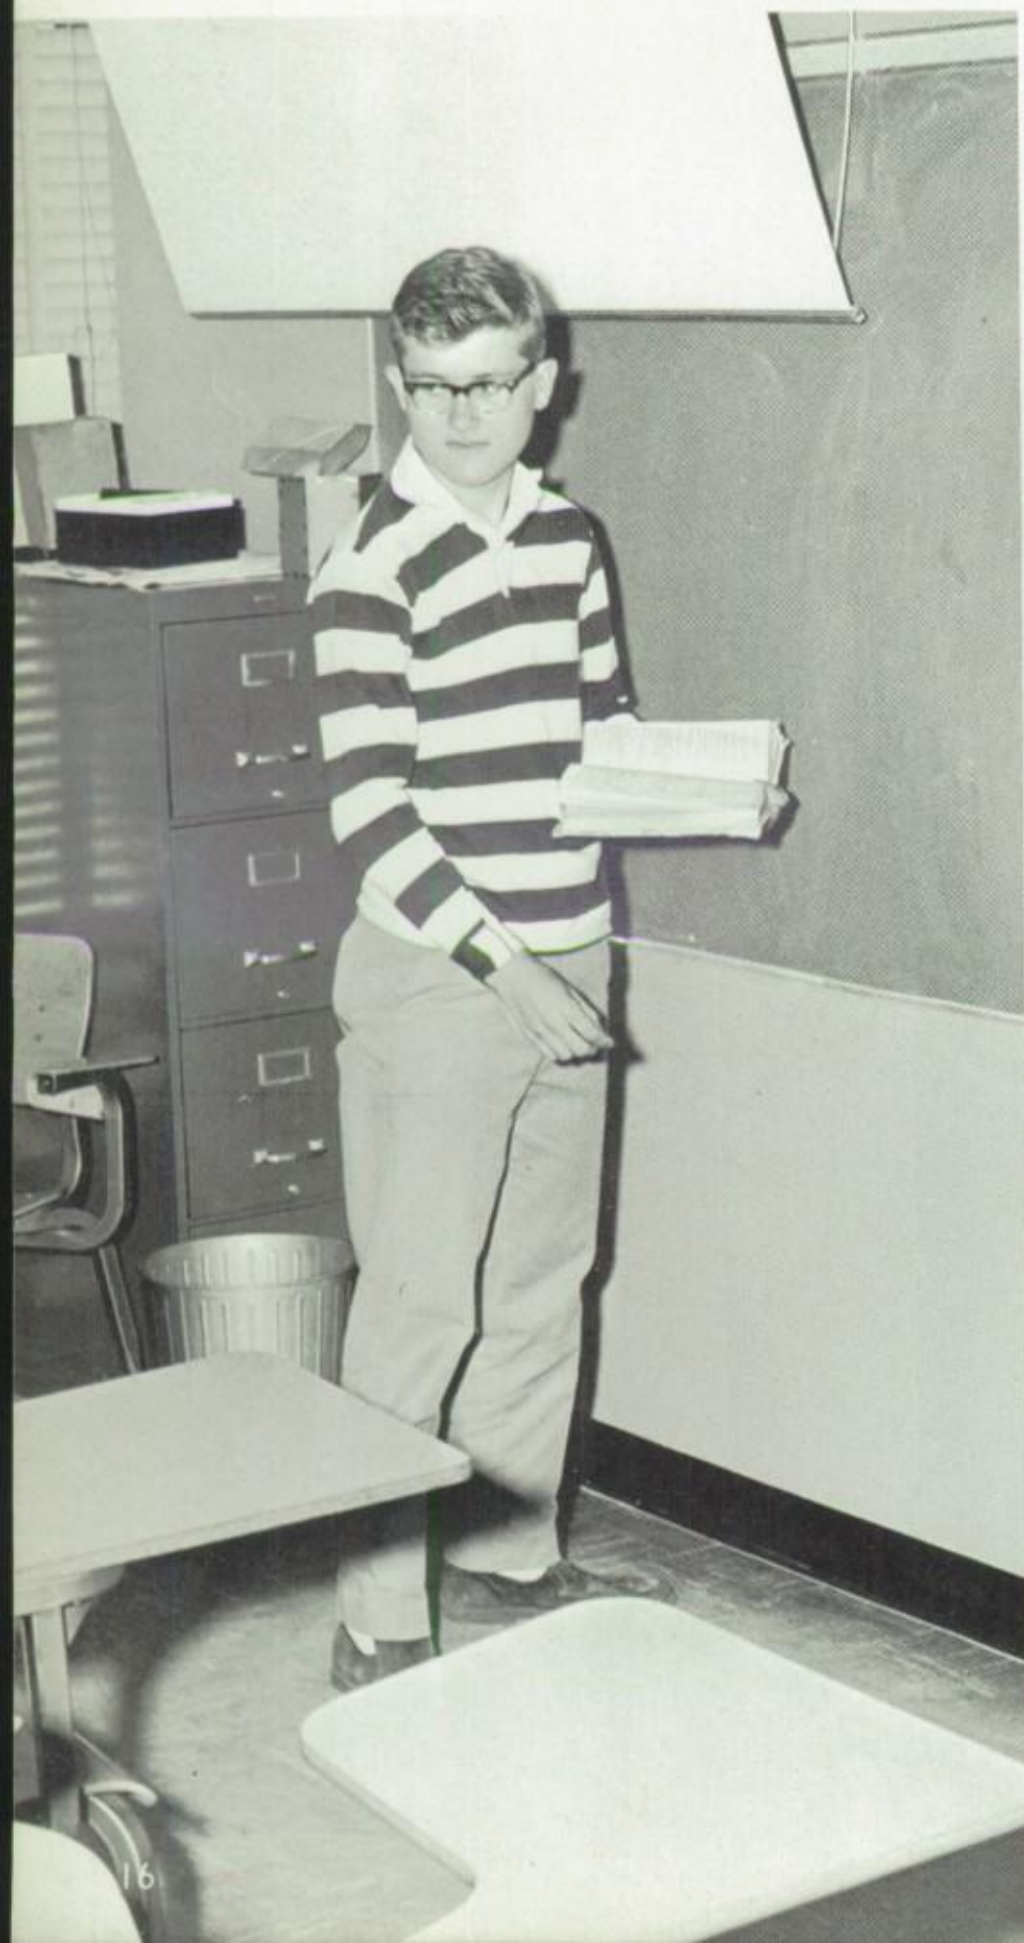

We remember many things: a Junior Prom . . .  
 bonfires . . . a sports night . . . awards assemblies  
 . . . student teaching . . .

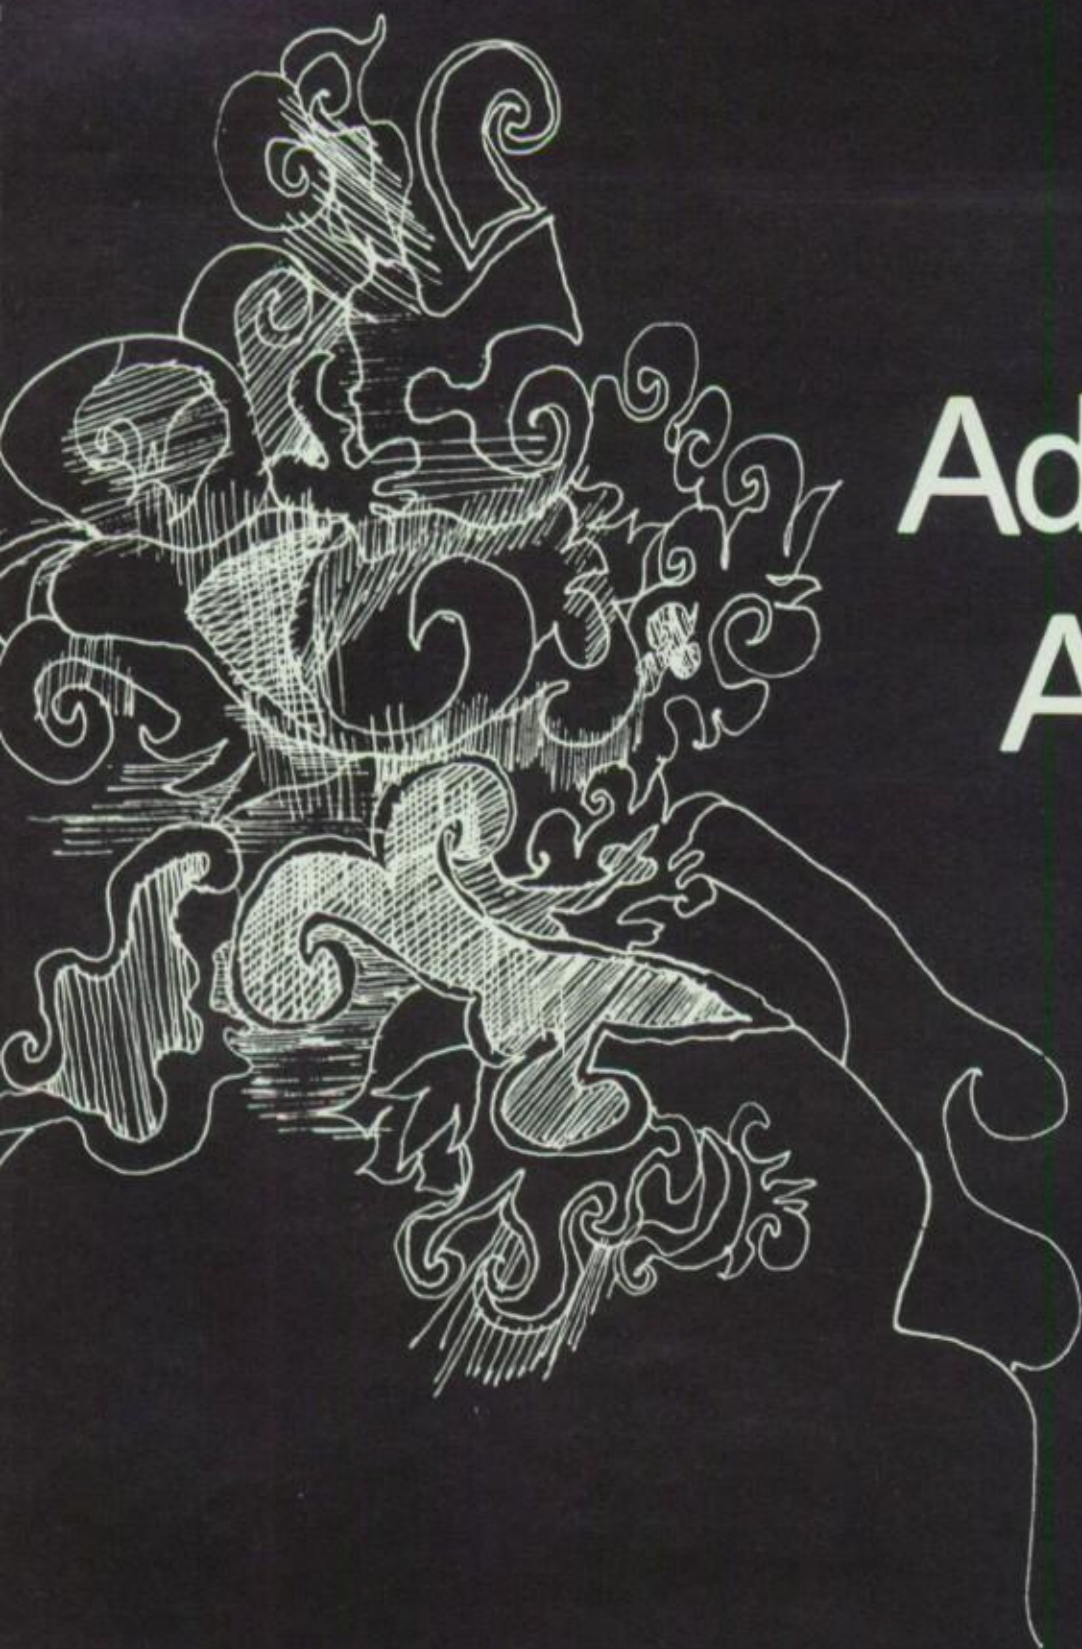

Many of us have been in school together since elementary days ... now the circle is complete ... but we will remember ... we will always remember and, we hope, continue to grow for all of our lives.

Hello,

I know that it would be almost impossible for me to explain to somebody how much my year here at Niskayuna has meant to me. I have learned so much, not just from my studies but also from living in a different country. Still I think, though, that I will not understand how much I really have benefited through this year until I have been home for a couple of years. Then I might be able to see everything in its own proportion and appreciate Niskayuna to its fullest extent.

Dear Mrs. Russell:

This year is one of the most great a bad I will remember for a long time, you are a very nice friend, and a good teacher, Thanks so much because you were helpful to me in to learn English. *Lupita*

Lupita Ceballos  
Rotary exchange student  
from Mexico

Dear Friends of Niskayuna,

I am very glad to have the opportunity through this yearbook to thank all the students, teachers, and administrators of Niskayuna High School; particularly the Senior Class of '66.

I'm sorry to say that this year went too fast; however, I was able to learn much of your way of life and your school system. I learned a lot and found advantages on both sides.

I felt privileged to have been able to live for a year with the Yeater family. I was very fortunate.

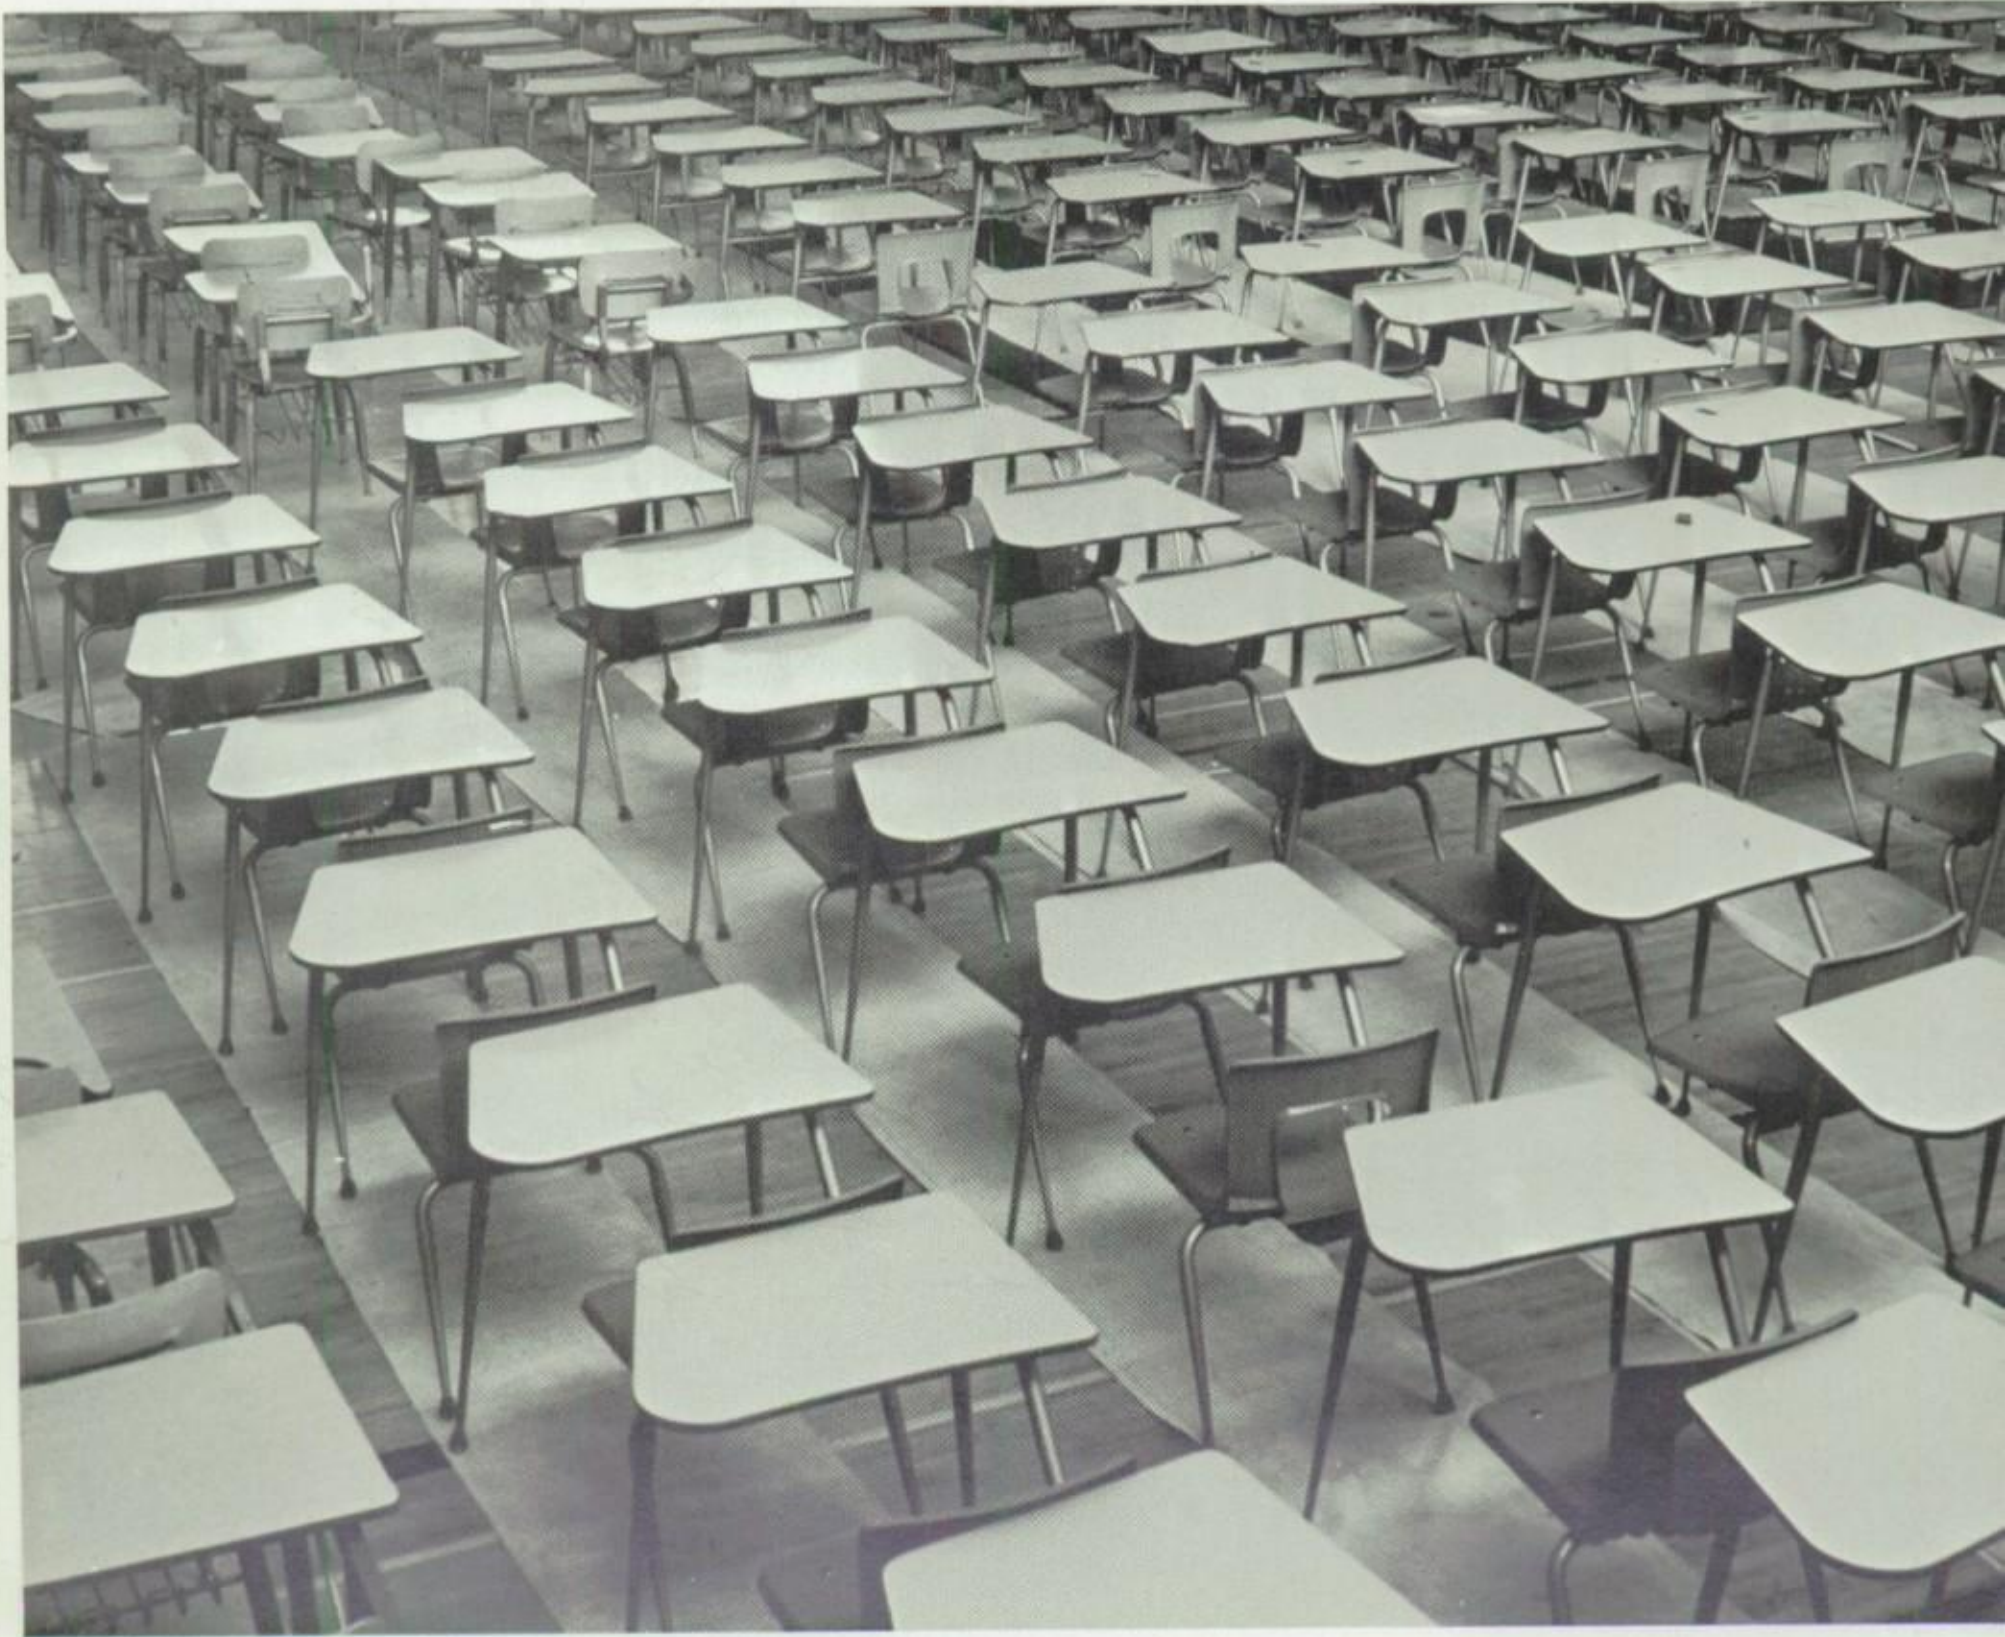

Also I would like to thank the Niskayuna Rotary Club for its wonderful hospitality. It is by this world organization that I was able to spend a year in the United States.

Pretty soon I will return to Mexico but I am not going alone; I will take in my heart with me the memory of all those days and the wonderful times I was having in our beloved Niskayuna High School.

This year has been one of the nicest experiences in my life. If I ever have the chance in the future to visit the United States again, I will certainly come.

*Lupita Ceballos*

empty...the rooms and halls  
are silent...

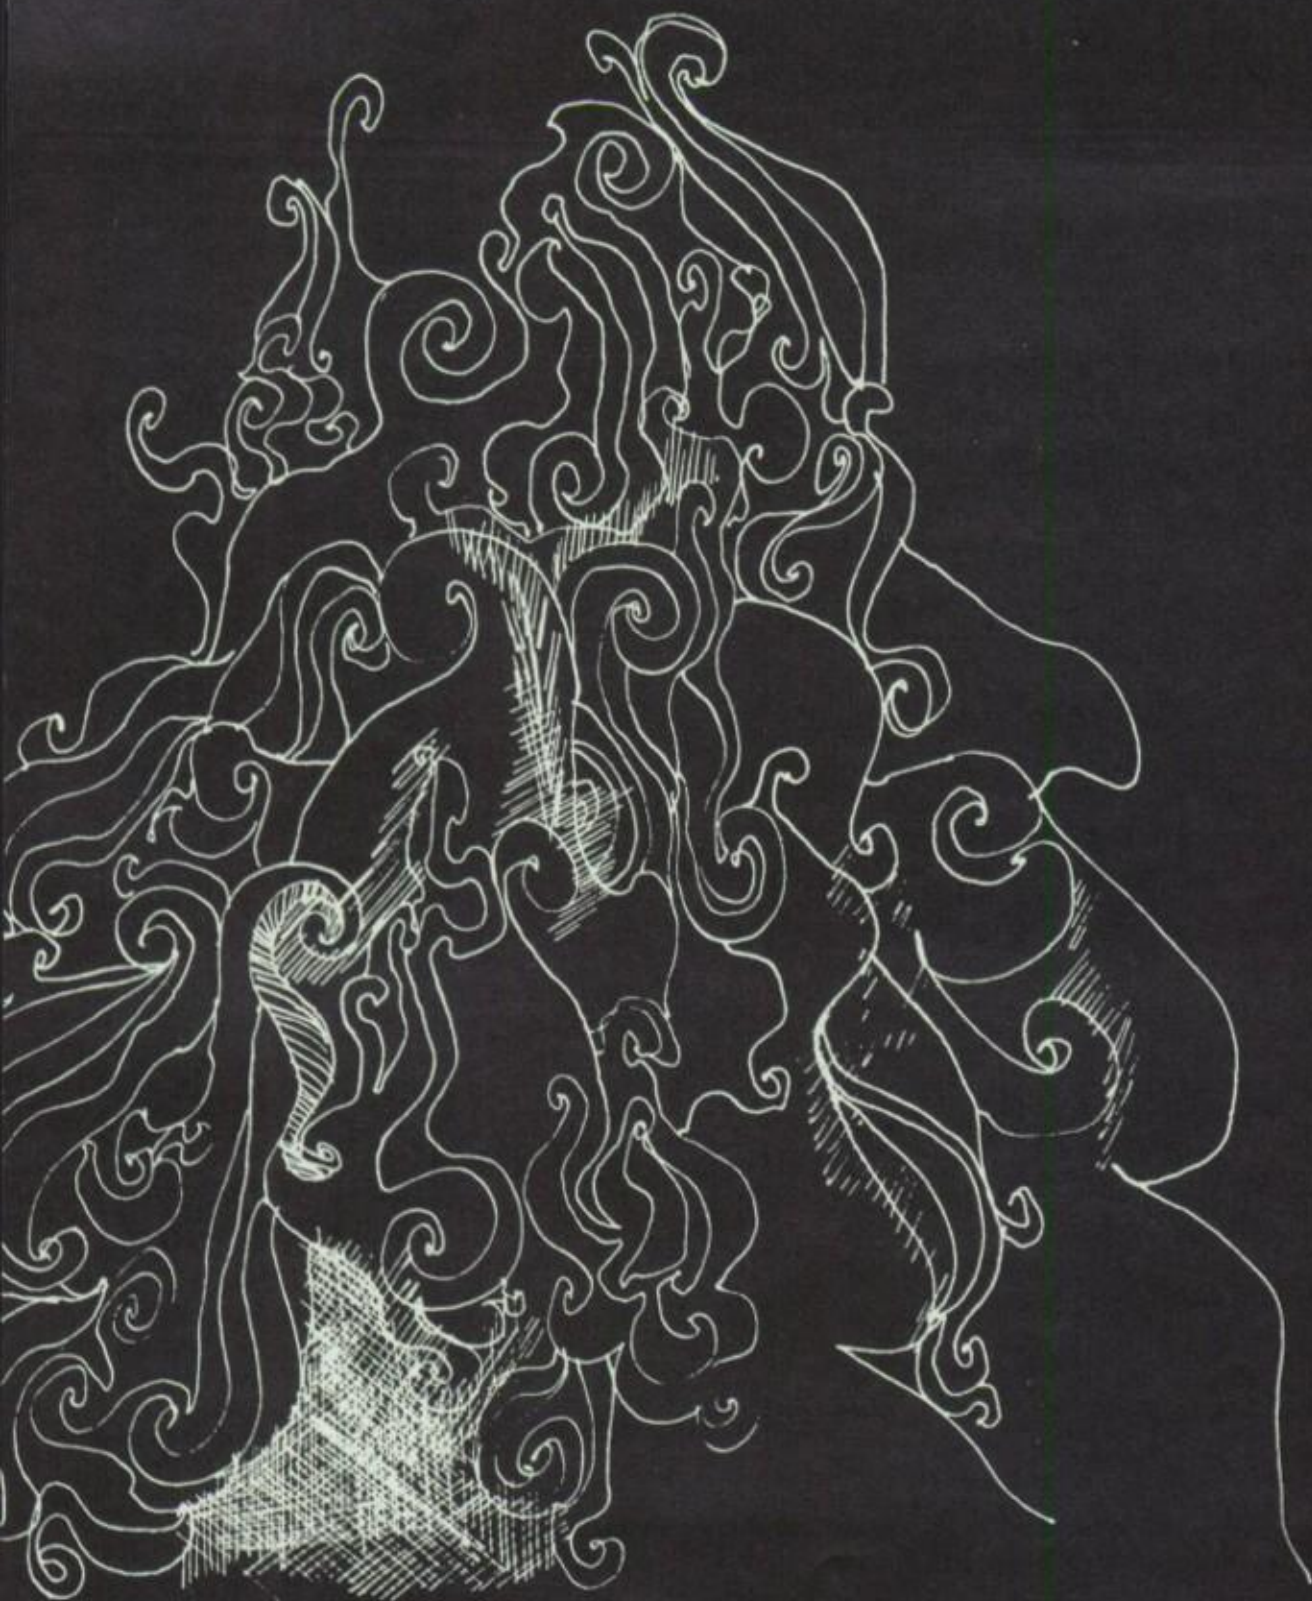

Miss Russell  
I can't write down  
thing is you've helped  
the in during the past years,  
to because it would take up to much  
room but I can say good luck in  
your future years and I hope your future  
student's will be a lucky as I  
devotedly young,  
Audrey

# THE NISKAYUNA SCRIBE

That  
Was

So far the ski year has been a disappointment. Until January there was only limited skiing and during vacation it grew worse. It was perhaps the first time that 'spring conditions' was used to describe the December weather and what has become a snow drought.

Our American Field Service student, Louise Ahlstrom, has come to be Americanized by her sister, Miki Long. Louise's smile and Swedish accent are recognizable anywhere.

## EXHIBITION MASONIC HALL

PERFORMANCE EVERY EVENING  
ON SATURDAY, MAY 17  
There will be two exhibitions, one commencing at 7:30 and the other at 9:00. Doors open half an hour prior to the usual time. Performance to commence at half-past 7 o'clock.

The first of the Dramatics Club productions was given. The play was "The Mouse That Roared." The show was great and promised to bring us much talent. The Senior Class production is also under way with try-outs being held and the Junior Class is filming a spy movie.

This was the year for the building of added school space which will eventually be school #2 under a new house principal in the fall. The mud has been stupendous and we are still without any relief from the nearly completed rooms.

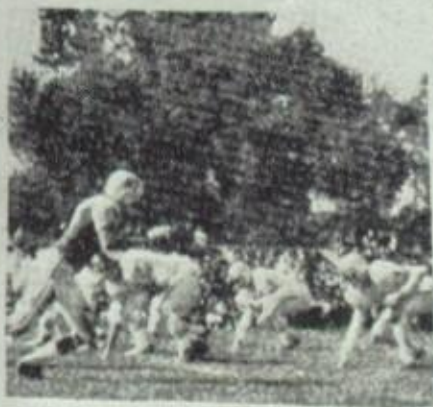

"Surprise Lupe!" We hope Lupe will not ever forget her year with us and perhaps next year, if she has a party, she will think back on her nineteenth birthday . . . punch, cakes, charms, cards, gifts, and NHS.

Student Council launched its ambitious and noble poverty Program. Students from the high school volunteered to give up their free time to do something for someone less fortunate.

With crowded and loads of books to carry from room to room, many teachers have turned to portable classrooms called shopping carts. Real wheels distinguish those teachers from all others and have created "a cart set."

Cardinal and Silver streamers, victory signs, noise makers, cheering students, crowded cars, honking horns, elated cheerleaders, and a jubilant band set the spirit for the Niskayuna over Linton football triumph.

This was the year the Senior Class to make good use of early decisions at college application time this year. As of now, students are accepted at colleges all over the country.

Mrs Russell,  
 may you always have  
 plenty of what I assured  
 on this page, health, wealth  
 and happiness but I hope  
 you have it before we all  
 go to A.D. I know we're all  
 going always  
 to miss you and I hope  
 you're always  
 have good luck.  
 Love,  
 Cindy

Mrs. Russell ~  
 Thanks for an English.  
 interesting year of English.  
 I think you've tried to  
 get us to think and  
 believe I'm getting  
 a little closer.  
 Anything I didn't  
 learn this year  
 is probably only  
 due to my own  
 feelings about  
 English. About

Mrs. Russell,

It's been great having you for an English teacher. I've learned a lot of new things from you. Don't forget the combination of "Heaps and Thomas." I have thoroughly & completely enjoyed this year & your teaching. I am grateful for all you've taught me. Also don't forget the combination of "BETH and Anne." At times it has seemed hectic but in the end we learned an awful lot from you. I was lucky to have such a wonderful person for a teacher.

P.S. Come  
Swimming some

Mrs. Russell,

The end.

I considered it a privilege to be in your class this year. I admire your high ideals and methods of teaching. I hope to have a teacher as nice as you next year. Have a nice summer!

Thanks

Mrs. Russell -  
very much you  
and interesting  
of English said a thing all.  
year, I enjoyed our English  
class very much. I'm sorry  
our 10A class didn't turn out  
like the one last year and in  
were a bit disappointed in  
us. But of luck always and your  
especially with your 10A classes  
next year!

This year wasn't as bad as it seemed, it went awfully fast. You have helped me some, and I certainly hope that I do better in English next year. —
